DIRECTOR'S MESSAGE

Dr. Reji Mathai

Director-ARAI
Chairman SIAT 2024
Advisory Committee

Symposium on International Automotive Technology (SIAT), highly regarded within the global automotive fraternity, as a leading international event, is organized by ARAI biennially. SIAT serves as a prominent platform for exchange of ideas, knowledge, technologies and collaborative brainstorming within the automotive industry, attracting distinguished experts from various automotive domains across the world.

I am delighted to announce that the forthcoming edition of SIAT, viz. SIAT 2024, the 18th in the series, is being organized by ARAI, in association with SAEINDIA and SAE International (USA), at Pune International Exhibition and Convention Centre (PIECC), Moshi, Pune, India, from 23rd – 25th January 2024. Theme of SIAT 2024 is **“Transformation Towards Progressive Mobility”**.

Historically, SIAT Symposia have attracted large gatherings of automotive experts, featuring technical papers and keynotes, panel discussions, significant delegate participation and impressive exposition. In view of overwhelming response and the expanded scope of activities as well as to give due emphasis to Advanced Automotive Technologies, the size of the Symposium is sizeably increased.

SIAT 2024 will highlight recent advancements across various automotive domains, including Safety, Emissions, Engines, Noise, Electric Mobility, Fuel Cell, Electronics, Intelligent Transportation, Vehicle Dynamics, Materials, Alternate Fuels, Simulation and Modelling, etc. It will also showcase innovative ideas and solutions in automotive technology to address future challenges, making it an intellectually stimulating event.

SIAT has been receiving overwhelming response for technical papers and keynotes. It is proposed to have presentation of over 200 technical papers, including keynotes on futuristic topics, by renowned experts world-over. The papers presented in the Symposium will be published as Symposium Proceedings. Additionally, Technical Reference Bulletin, featuring technical articles, case studies and information about products and services will be published.

SIAT EXPO 2024 has been receiving enthusiastic response and numbers of stalls have been booked. SIAT Expo provides an ideal platform for the companies worldwide to showcase their products, technologies, innovations and services through different stalls.

It gives me immense pleasure in presenting this Second Announcement of SIAT 2024 and extend an invitation to professionals, engineers and academicians to participate in this prestigious event. Delegate registration is now open through SIAT2024 website (www.siat.araiindia.com). As in the past, SIAT Steering Committee eagerly anticipates support of the entire automotive community to both, Symposium and Exposition.

CALL FOR REGISTRATION

SIAT EXPO 2024

SIAT EXPO 2024 would offer an appropriate platform, facilitating spectrum of national / international companies to showcase automotive technologies, products as also automotive testing / validation tools and engineering services.

The exposition will attract automotive OEMs, Tier-I/II/III suppliers, CAD/CAM/CAE tool providers, technologists, engineering service providers and test agencies along with India's finest automotive industry SMEs. Exhibitors will showcase new products, technologies and services, while providing information to potential business partners worldwide, including clients, distributors, exporters, importers, manufacturers and suppliers.

SIAT EXPO 2024 will be an excellent platform for promotion of national / international business, networking and dissemination of information.
